

The background of the page is an aerial photograph of a school's outdoor sports area. In the foreground, there is a large, rectangular swimming pool with blue water and lane markers. To the right of the pool is a paved area with a stone tile pattern. In the background, there is a green sports field with white markings, possibly a soccer field. A fence separates the pool area from the sports field. The overall scene is bright and sunny.

# ST. PHILIP NERI SCHOOL

## CO-CURRICULAR & AFTER-CARE ACTIVITIES

At St. Philip Neri School, we believe that a truly exceptional education extends far beyond the classroom walls. Our co-curricular program is a vibrant tapestry of opportunities designed to ignite passion, cultivate talent, and build character. Here, on the stage, the sports field, and in the quiet focus of the club room, students discover new dimensions of themselves, forge lifelong friendships, and develop the resilience and creativity that define a St. Philip Neri graduate. This pamphlet is your guide to finding your unique place in our dynamic community.

# ST. PHILIP NERI

# CO-CURRICULAR

# LIFE

At St. Philip Neri School, learning extends far beyond the classroom through a vibrant range of co-curricular clubs that nurture talent, build confidence, and inspire lifelong passions. Our diverse programs give every learner—from the youngest Lilies to Grade 9—the chance to grow, explore, and shine.

Students interested in strategy and critical thinking thrive in the Chess Club, while those seeking discipline and physical confidence enjoy Martial Arts, Skating, Modern Dance, and Ballet. Young artists and performers find their voice through the School Choir, Voice Lessons, and Music Instruments Club, which also prepares learners for ABRSM exams.

For budding scholars and problem-solvers, the World Scholars Cup Club and Copernicus Mathematics Olympiad Club open doors to national and international competitions, challenging students to think deeply, collaborate, and broaden their global perspectives.

Our sports program is equally dynamic. Neri Stallions F.C. and the Little Dolphins Swimming Club offer professional coaching, fitness, teamwork, and pathways to competitive excellence across different age groups.

Creativity and innovation come alive in the Robotics Club, where learners build and program robots while sharpening problem-solving skills. For those who love the kitchen, the Little Chefs Club provides fun, hands-on culinary experiences that promote teamwork and practical life skills.

Together, these clubs enrich the St. Philip Neri experience—helping students discover their strengths, develop character, and build friendships while enjoying what they love. Through co-curricular life, we empower every child to grow into a confident, well-rounded learner ready to take on the world.
